

# Repository Colonial Architecture

- *A repository for sources about European colonial architecture and town planning (c.1850–1970):*
- *Creating a digital (research) tool*

Chair History of Architecture and Urban Planning

## INFRASTRUCTURE

- Repository
- Website

## CONTENT

- Text documents books, journals, reports
- Images contemporary photographs, films
- Archives correspondence, reports, drawings, plans, etc.
- Maps

## Partners

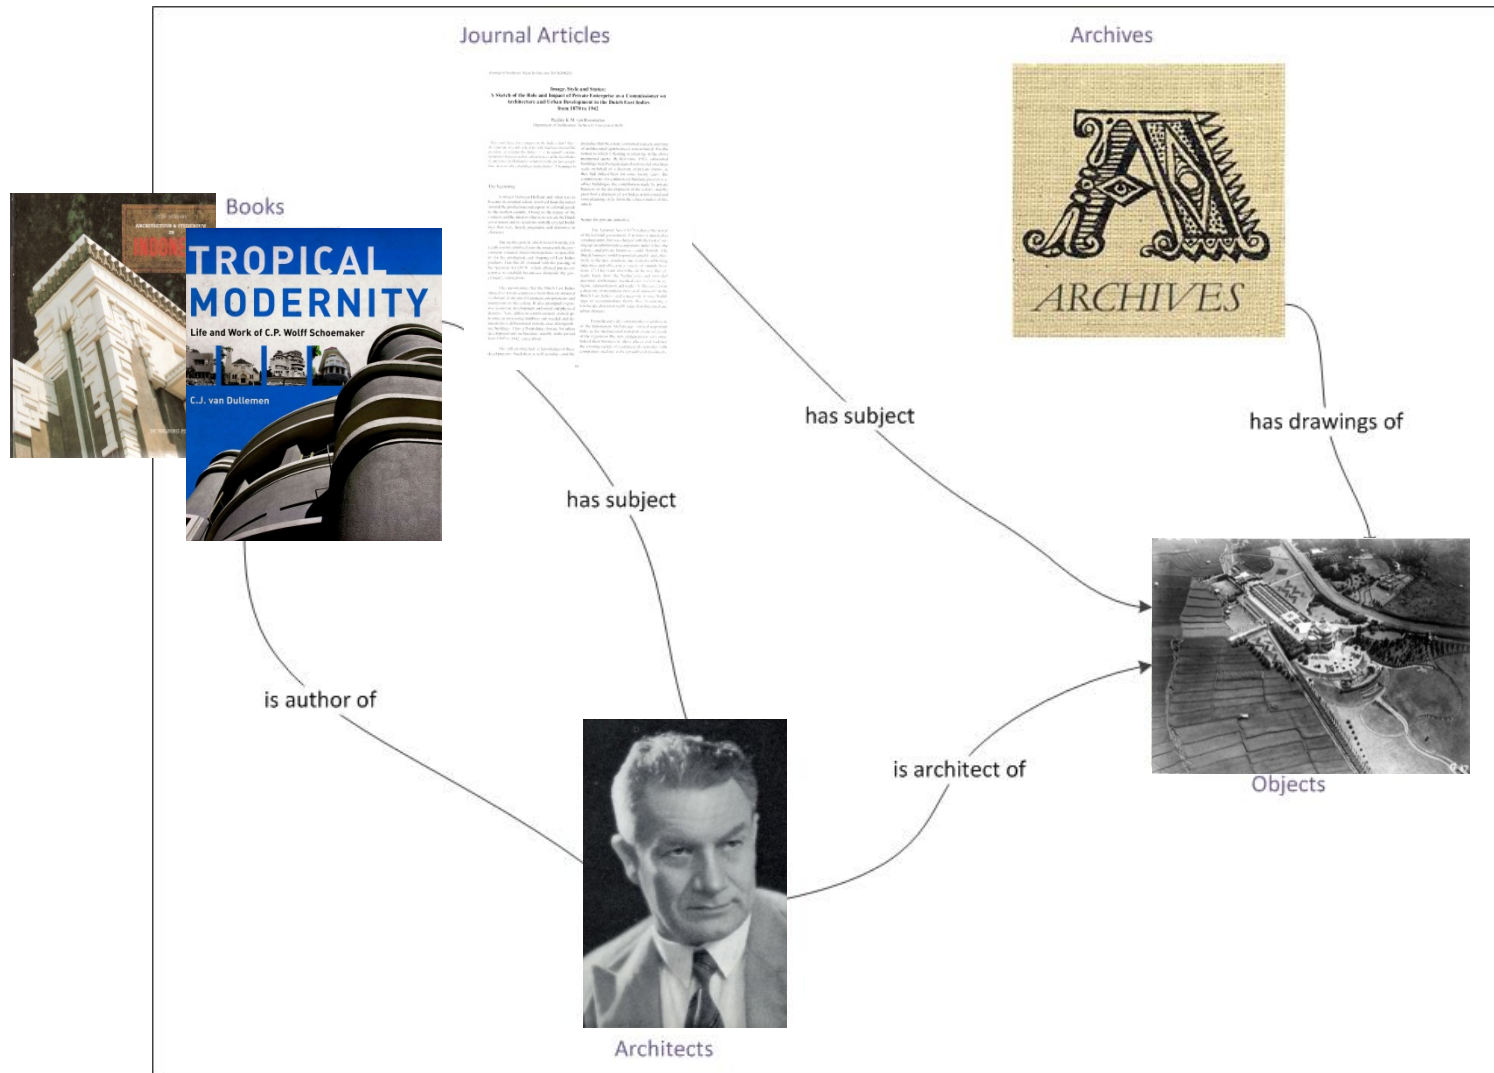

- Funding: NWO, Cost, Dutch Culture
- Partners: Het Nieuwe instituut, University of Leiden, Nederlands instituut voor Beeld en Geluid, Tropen museum
- Crowd source: Gadjah Mada University, Yogyakarta, Bandung Society for Heritage, Bandung , PETRA Christian University, Surabaya

## PHASE 1 (2011-2014)

- Design and build repository and website
- Define search modules, key words, etc.
- Build integrated search facilities with other relevant repositories
- Identify, localise, define and digitise relevant sources
- Harvest digitised sources
- Complement metadata of available digitised material
- Build up an (inter)national network for content, IT and funding

## PHASE 2 (2014 and beyond)

- Identify and localise relevant institutes and sources in Europe and beyond
- Initiate and coordinate digitisation projects with European and non-European partners
- Expand integrated search facilities with other relevant repositories
- Expand (inter)national network for content, IT and funding
- Define and execute research (and design) projects
